Mr Pande was requested to address the AGM of the OS Society. He greeted all present and expressed that it was a great honour for him to head an institution as prestigious as The Lawrence School Sanawar.

Mr Pande informed that while interacting with the batches of 1956, 66 and 1991, the topic moved to who is an Old Sanawarian and he is often asked whether he is also an Old Sanawarian. His answer to that was No and Yes. The reason for this is, if the definition is taken as someone who has studied for a particular number of years, then NO. But if the definition is somebody who considers Sanawar to be his or her home, somebody who accepts and recognises the fact that whatever he or she is today has come from Sanawar and if their thoughts are deeply rooted in the ethos and culture of the School and who can sit and talk about anecdotes, incidents and stories of the School for hours and hours. If these are the parameters then proudly YES, I am an Old Sanawarian.

He shared with the house that when this assignment of his being selected as Head Master Sanawar became public a number of people including Old Sanawarians, some of whom were his students got in touch with him. It was interesting as some of them asked him if he was sure on taking this up. Mr Pande asked them why the doubt? The response he got was that he should be careful. One of them even remarked that he was going into a hornet's nest. Mr Pande expressed that had it been someone who did not know Sanawar then that person may have reconsidered. But as he knew what Sanawar and Sanawarians are about so he brushed their concerns aside.

The Head Master requested all Old Sanawarians and parent OS to contribute in whichever manner they could to implement the development plan for Sanawar.

### **Questions for the Head Master**

The President inquired from the members if they had any queries or suggestions for the Headmaster.

Dr Amber Sodhi Dhillon thanked the Head Master for putting her name on the honour board and requested that parents be allowed to meet their children more often.

The Head Master responded that he has worked in Sanawar earlier and also spent approximately 19 years in other boarding schools. It is his experience that too many breaks disturb the momentum of the child towards the curriculum and this unsettling, effects the overall performance of the child. Too many SOP is contrary to the concept of studying in a boarding school.

The decision of restricting SOP to one a term was taken after consulting the parents and the vast majority were in favour of having fewer breaks.

Mr Rajdeep Chimni expressed his joy that Mr. Pande would be leading the school as the Headmaster. This was because he was well aware of his uprightness and conduct as he had been taught by Mr Pande. He also seconded the thoughts of the Headmaster as to what made him the person he is today and what made him a man capable of taking independent decisions, was the separation from mom and dad as well as the separation from the protected environment. Also this made all his relationships stronger than they had ever been before, be it with siblings or parents. He applauded Mr Pande for his efforts for trying to inculcate the same in the present Sanawarians and making Sanawar what it stands for.

The President, thanked the Headmaster for taking time out from his busy schedule to join us at the AGM to address the Old Sanawarians.

### **Consideration and Adoption of the Society Accounts 2015- 2016.**

The Society accounts as circulated to the members along with the Agenda was discussed.

Brig. I S Chima expressed that the expenditure in the accounts over the last 6 to 7 years had been increasing and he felt that we were spending excessive amounts on activities like cricket and Polo.

The President brought to his notice that this issue was addressed during the Nominating Committee meeting also and it was a consensus to continue to do the Sanawar Polo event. Polo is associated with Sanawar for a very long time. Such events now have a higher cost as the ground fee on renting the Jaipur Polo Grounds has been exponentially increased. It is with the contribution of Mr. Jai Shergill, Col. Sandhu, and Mr Gurpal Sandhu and others that we do not pay for the players and horses.

The President expressed that a dinner was hosted by the Old Sanawarian Society specially for the 60th, 50th and the 25th batches on the 2nd night and the attendance was great but no one attended the annual OS Ball on the 3rd which is a paid event.

During the OS dinner on the 3rd many youngsters asked the President where the anniversary batches were as they wanted to interact with them.

Mr. Rajeev Gulia suggested that instead of having two separate dinners on the 2nd and 3rd we should somehow combine both and make it a semi-paid event for the Jubilee batches. There was a consensus on this and it was decided that from 2017 only one dinner would be held.

The Chair requested the house to ratify and adopt the accounts of 2015-2016 as there were no more points to be discussed in this regard. Brig. S K Lama proposed their adoption and the same were seconded by Mr Jagat Bir Singh.
